Student-Centred Coaching Series

February 05 & 06, 2020 | 9:00 AM - 3:30 PM

Audience: K-12 Instructional Coaches (released to coach at least 50% of the time), School Leaders, and District Leaders

Please join Diane Sweeney, author of *Student-Centered Coaching: The Moves* (Corwin, 2016) and *Leading Student Centered Coaching* (Corwin, 2018) to learn how to implement an evidence-based instructional coaching model that focuses on collaborating with teachers to increase student outcomes. Taking a data-driven approach increases the efficacy of teachers, coaches, and most importantly our students. To get there, we must not only create a culture for coaching, but also establish clarity around the principal and coach partnership. For this reason, we recommend for school leaders and coaches to attend as a team.
