***Professional  
Development  
Consultant Team***

## **FNMI PROFESSIONAL DEVELOPMENT**

Through a project grant with Alberta Education, our team will work to coordinate professional development activities and provide leadership services related to the implementation of the FNMI Education Partnership Council.

## **OBJECTIVES**

The need for professional development for teachers teaching First Nations, Métis and Inuit (FNMI) students, lead to a conditional grant being awarded to the Alberta Regional Professional Development Consortia (ARPDC).

The mandate of the grant is to provide coordination and leadership services for the implementation of specific FNMI strategies from the:

- FNMI Education Partnership Council
- Alberta Education Business Plan 2011-2014, Goal 3
- Memorandum of Understanding,
- Northland Inquiry Report

## **OUR PROGRAM GOALS**

- To develop ways to improve FNMI student learning by relationship building between the students, their families, their communities, their teachers, Alberta Education and other stakeholders.
- To support improved learning and success for all Alberta FNMI students by engaging, educating, supporting and empowering educators; by organizing, creating, and sharing PD resources.
- To enlighten educators and stakeholders about FNMI cultures to enhance relevant understandings and "Ways of Knowing."
- To find ways to resolve any and all barriers to FNMI student's success.

## **PD Activities**

- ♦ *Conferences*
- ♦ *Seminars*
- ♦ *FNMI Advisory Groups*
- ♦ *Culturally Appropriate Activities*
