Holy Family Catholic  
Regional Division Office  
10307 – 99 Street, Peace River  
**Effective Practice in the Cloud:  
Creating Safe & Connected  
Learning Environments**

# Regional Technology Leadership Event

Registration

9:00 a.m. **Welcome & Introductions, Dr. Charmaine Brooks, Director, Technology Leadership Branch**

9:05 a.m. **Prayer and Opening Remarks, Elder TBD**

9:10 a.m. **Department Updates & Discussion**

9:30 a.m. **Supporting LTPF Implementation with CASS Learning Guides,  
Donna Wesley, Director of Curriculum and Technology, Aspen View Public Schools**  
*Participants will learn from one school authority's experiences using the [CASS Learning Guides](#) to inform decision making with some specific connections to data security and privacy. Participants will engage in considering how best to leverage the activities in the Learning Guides to support the effective use of technology for learning and administration in their context.*

10:30 a.m. **Health Break**

10:45 p.m. **Protecting Privacy: Rightsizing Privacy Impact Assessments (PIAs),  
Tara Reimche, Technical Capacity Analyst, Technology Leadership Branch &  
Maryann Hammermeister, FOIP Coordinator, Edmonton Public Schools**  
*In this hands-on session, participants will better understand why Privacy Impact Assessments (PIAs) are needed, when to conduct one and what good practices to follow in the process. Participants will discuss common challenges and work through real-world scenarios in conducting PIAs. In addition, we will engage in dialogue about opportunities for collaborating with others across the province in sharing privacy related information about apps and online services to assist with determining and mitigating privacy risk.*

12:15 p.m. **Closing Remarks**
