

As we head into a well deserved Christmas Break, I would like to acknowledge that though it has not been an easy journey for educators in the past months, that your hard work is very much appreciated! As many teachers embrace the next phase of the journey under scenario 3, and online learning from home, please know that ARPDC and NRLC are here to support you. Don't forget to take time for yourself, your wellness and your learning.

As always, NRLC/ARPDC have a variety of virtual learning opportunities available and registered participants get access to session recordings to view on their own time and schedule. The asynchronous **LEARN & GO** resource website is also available for you any time, anywhere!

Executive Director, Sandra Ciurysek
