

THE BULLETIN

The Official Newsletter for Northwest Regional Learning Consortium

A shout out to ALL TEACHERS for keeping up to a vigorous and rigorous routine over the past two months! Everyone in education has been working hard and going the extra mile to meet the needs of students and families during this challenging time. Don't forget to take time for yourself, your wellness and your learning.

NRLC/ARPCD have a variety of virtual learning opportunities to meet your needs. Make sure to register for any session that interests you, even if you can't attend the session live. Registered participants get access to session recordings to view on their own time and schedule!

Executive Director, Sandra Ciurysek
