

NRLC a proud member of ARPDC

The Northwest Regional Learning Consortium (NRLC) provides quality professional development that is responsive to its learning community members' needs as they work to enhance student learning

FROM SANDRA CIURYSEK

**SANDRA
CIURYSEK**

Specializes in
pedagogy &
leadership learning

NRLC's focus for the remainder of the school year will be supporting administrators and teachers with the **New K-3 Curriculum Implementation**. Learning opportunities will be available in person, online and asynchronously starting in mid-May and throughout June, with some online/asynchronous options available in the summer. As new learning opportunities will be added on short notice, please visit the www.NRLC.net website regularly for updated information. Additionally, we will be adding a "NEW CURRICULUM" focus to our search menu for your convenience.

As always make sure to encourage your colleagues to [subscribe to our regional and provincial newsletters](#), through our website.

WE'RE HIRING

JOIN OUR TEAM

The Designer of Professional Learning for Math/Numeracy will facilitate learning opportunities to meet the needs of school divisions, private, charter and band-operated schools in their implementation of the new K-3 Math Curriculum and/or piloting of the Gr. 4-6 Math Curriculum. Also, support K-3 math interventions, and contribute to the

Math/Numeracy area of focus within the Alberta Regional Professional Development Consortia (ARPDC) learning opportunities and resources.

Designer of Professional Learning for Math/Numeracy

Deadline to apply is June 9th or until a suitable candidate is found.

LEARN MORE ABOUT THE POSITION AT WWW.NRLC.NET

- 50 days through the 2022-2023 school year
- Facilitate a variety of learning opportunities
- Foster the growth of professional learning communities
- Support school divisions, private, charter and band-operated schools

CONVERSATIONAL CREE

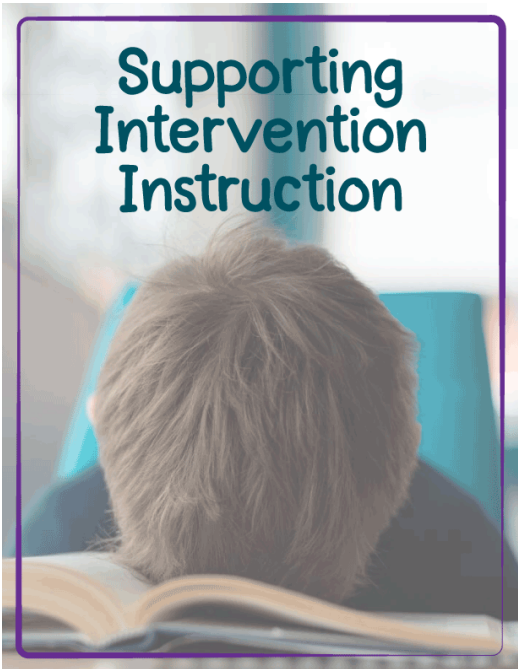

Conversational Cree for Beginners (Follow up Series)

April 20, April 27, May 4, May 11, May 18 & May 25 | 3:45 - 4:15 PM

Join Charlene Noskey for another series of lessons to learn some basic Cree Language essentials to allow you to engage with students in Cree in the school setting. Participants will have the opportunity to suggest topics and words they would like to learn and lessons will be built to suit the needs of the group.

SUPPORTING INTERVENTION INSTRUCTION

NRLC/ARPDC also continue to add new resources to the Supporting Intervention Instruction, for K-3 teachers, including 6 new videos by Grande Prairie's own Tracie Anthony, to support numeracy intervention. The website has both English and French.

This site is designed to support intervention instruction that is underway in Alberta classrooms in response to unfinished learning that teachers are observing as a result of COVID-19 interruptions. This project is subsidized through funding from Alberta Education.

LEVEL B ASSESSMENT

Level B Assessment

Practical Understandings and Applications

June 8 & 9 | 8:30 AM - 3:30 PM | In-Person

A course like this can be rather dry and boring - but Dave will leave no stone unturned in trying to make it easy to understand, relevant and above all practical and enjoyable.

This intense two day course is intended to provide those without a background in Level B testing the core training to do that kind of testing following well-established international standards. For those who have already done some Level B testing, this course will "refresh you" or help you understand some of the key concepts you might not be completely clear on.
